

Who ROCKS as a Family Doc??

DR. CARLY ONLY

Martensville Collective Health & Wellness Clinic

My family doctor is Dr. Carly Conly at Cornerstone Medical Clinic, and she is amazing! I have received excellent prenatal and general care from her for the past 4 years. She is thorough, kind, efficient, and extremely knowledgeable. I feel very well cared for by her, and I know that my kids are in good hands with her as well. I feel so fortunate to have such a fantastic family doctor!
