Who ROCKS as a Family Doc??

DR. Adegboyega Ketiku
Willowgrove Medical Group

We nominate Dr. Ketiku for the “My Family Doc Rocks! Awards”. He has assisted us through a very rough ordeal with my husband. He is always there to answer our phone calls even through the pandemic when couldn’t see doctors. He always inquired if it was necessary to see him. Many times, he gave advice to go to the ER.

He is such a caring physician, with a smile on his face, even in the darkest times.
