Who ROCKS as a Family Doc??

**Dr. Schaana Van De Kamp
Cornerstone Medical Clinic**

My family doctor is Dr. Schaana Van De Kamp at Cornerstone Medical Clinic in Saskatoon. I have received general and prenatal care from her for the last 3 years.

Dr. Van De Kamp has provided excellent care for my two children and myself. With her incredible knowledge and understanding, she has always ensured I have the appropriate screening tests, that my questions have been answered, and that I always have a clear plan of action after each appointment.

Dr. Van De Kamp is very personable, a great listener and very empathetic. I have full trust in her, knowing that myself and my children have received and will continue to Receive, the best possible care when needed.

Thank you Dr. Van De Kamp!
